

THE BERMAN MUSEUM OF ART OUTDOOR SCAVENGER HUNT

The Berman Museum of Art needs your help! An art thief has stolen one of our prized art pieces and has left behind a trail of puzzling clues! We can't seem to figure them out but maybe a smart and cunning detective(s) like yourself can help us catch them!

Read each description carefully and most importantly work together!

1. Oh my word!
I've been working on this scarf for what feels like an eternity!
And my hands feel as though they have turn to stone!
Just one last stitch, then I can go home!
Hint: I can be found down the path toward the smoke stack

Answer: (Title)_____ (Artist)_____

2. **Zacharias Ursinus** is the name,
Founding Ursinus is my game!
Between Berman and Olin is where I am found,
And where I can be seen standing proud!

Answer: (Title)_____ (Artist)_____

3. I toil in the soil all day and night.
Sometimes I give the students an awful fright!
Because how lifelike I appear to be.
Behind Myrin Library is where I can be seen.

4. Back to the Berman is where you'll go!
There's three of us here in the front garden, you know.
We like frolicking among the flowers!
Hurry up and find us and help the Berman restore what's ours!

5. Now take a little stroll,
As couples in LOVE will often do.
See if you can find me,
I'm big and red too!

6. So you made it this far, I see...
Well I don't want to stop this crime spree!
But if you can find me in this one last spot
I suppose I'll give you what I stole... or not!

There is a **Couple on a Seat**
They even face Main Street!
Behind the Berman is where they lie,
Come to them and I just might confess my crime!
